HOW DOES THE PROGRAM WORK?

IT'S AS EASY AS 1-2-3!

Before you or a covered family member are scheduled for an MRI, CT or PET scan, simply call the OCM number on your ID card:

(888) 458-8746

1

Our service representatives will assist members in selecting a network provider that's near and convenient to home or work.

2

Once a facility is chosen, we schedule the appointment by conducting a unique "three-way" conference call with OCM, the imaging center, and the patient.

3

On the same call, you can ask questions about the test or for help in understanding the plan coverage for the imaging procedure.

Members must schedule the procedure through OCM to receive discounts.

*Savings may vary based on plan design and geographical location
(**HSA qualified plans must meet deductible prior to 100% coverage)
